

# 人都在哪兒？

## (Where is Everyone?)

Premise: Three students must solve the mystery of where their classmates are.

### Characters:

Ruiyan (瑞岩) \_\_\_\_\_ Aaron Jurasevich

Xiaoli (曉莉) \_\_\_\_\_ Emma Paulson

Kailin (楷琳) \_\_\_\_\_ Kat Tannehill

### Scene 1

Ruiyan, Kailin, and Xiaoli show up to Chinese class late but nobody is there. They are all confused but we goof off in class at first. After a while they get bored and start to ask each other where our classmates might be. Maybe the students are at the gym? Maybe they are at the sub? Maybe they are in the dorm? There's a baseball game today, maybe they went there?

### Scene 2

The three students walk around campus looking for people. They walk into the dorm but don't see anyone but there is a noise coming from behind the door. They open the door and it's just a computer playing a youtube video. The students are very confused but Xiaoli is hungry so they decide to go get food.

### Scene 3

They go to the sub to eat lunch. After deciding what to eat, the trio sit down. Ruiyan has decided he isn't hungry. Xiaoli starts feeling unwell, then falls over dead. Kailin discovers the students are dead because they were poisoned. Ruiyan decided to poison all the students. Kailin decides to avenge Xiaoli and the other students' deaths.

### Scene 4

Kailin challenges Mr. Poison Man to a kung fu battle. Dialogue between Ruiyan and Kailin reveals that he wants to kill the students because he is bitter about losing a dance battle years ago and he wants less competition for his future dance battles. Kung fu battle ensues. Poison Man dies from a plate of sub food to the face

### Scene 5

Kailin wakes up late (as in the first scene) and hurries over to class. She enters the room and sits next to Ruiyan. Ruiyan offers her food. Cut to black
